### Sensible suggestions

The school council has had a lot of not so sensible suggestions; e.g. a trampoline, a swimming pool, an elevator..... the answer to all of these, due to space and safety issues is always going to be 'no' so the school council have asked that you refrain from asking repeated pleas for these things please.

### 'Not Netball'

Netball has finished for the term now and the teachers would like to say how delighted they were with everyones progress and team spirit.

### Pupil Reviews

There will be pupil reviews starting soon, these will be a bit like a parents evening but for you the pupils. You will get the chance to discuss what you are good at and what you think you need help with. If you could have a think about what sort of format you would like these reviews to take; how would you like the teachers to communicate with you?

### Summary of decisions;

Netball was a great success  
Pupil reviews will take place soon

The school council would like to thank you all for your suggestions but would encourage you to add more.

Next council meeting will be 21st April 2017
